time of departura. NOON, Money Order Office closes. 2 P.M., Registry of Letters ceases. Posting of all printed mutter and patterns ceases. Br. r. Mails closed, except for Late Lettors. 3.10 P.M., Letters may be posted with Late Fee of 10 cents until 3.30 P.M., when the Post Office closes entirely. 3.40 P.M., Late Letters may be posted on board

the Packet with Late Fee of 10 cents until time of departure. Many-hoxes-of-letters—are-received at the Post Office not sealed, that is to say, the box is fastened with sealing wax, but there is no impression of a seal. The attention of boxholders is called to the

necessity of carefully sealing such boxes with come recognisable seal, and of sending a chitbook or receipt with them. The omission of the latter precaution leaves a doubt as to whether the contents of the box ever reached the Post Office: the omission of the former, as to whether part of them might not have been abstracted for the sake of the Postage Stamps.

RATES OF POSTAGE.

Letters, per | oz. '...... 10 Cents. Post Cards, each Books, Patterns, and Commercial? Papers, per 2 cz. ...... Newspapers & Prices Current, each Registration Do. with return receipt ... Commercial papers signify such papers as, though written by hand, do not bear the character of an actual or personal correspondence, and as invoices, deeds, copied music, &c. The charge is the same as for Books, but all packets of and under 4 oz. weight are charged 5 Cents.

LETTERS FOR THE UNITED STATES BY SAILING When it is desired to forward letters to the United States by a sailing ship which is not notified as carrying a mail, it is only necessary to post the letters in the ordinary way, marked with the name of the ship, and prepaid 10 cents per half ounce as usual. The Post Office then undertakes the duty of obtaining notice of departure and despatching the correspondence. It is requested that the letters be posted if possible

at least one day before the date fixed for sailing. Persons who send Musters of Tos through the Post in Tins are requested to have them made flat or square instead of round, as it is impossible to pack round tins securely in the mail bags. It is believed that the ten will travel more safely in flat time, which are not so liable as round ones to be bulged in. 4 by 3 by 11 inches is suggested as a good size. The tins should not have sharp corners.

SOLDIERS' AND SAILORF' LETTERS, 1.—Privates in H.M.
